A Game of Thrones The Graphic Novel Volume One Daniel

Do believe I'll finish reading the series in graphic form as George R. R. Martin makes it clear in the preface that the graphic form is not a tie-in to the TV series, but an original adaptation to his novels. Am excited to find out the storyline differences! He also explains it's why the characters do not look like the actors on our flat screens.

The End Of The Fucking World Amazon de Charles Forsman

It's definitely one of my favorite comics this year and I read a lot of graphic novels. I do think the price could be a touch lower. This seems like a \$10 book at most considering its fairly short and totally in black and white. Still, there's a lot of mediocrity out there and "the end of the f\$?!@ing world" definitely rises out of the pack to be something different.
